

## Advancing your Research Career in Europe: Research Funding and Fellowship Opportunities for Researchers in Vietnam

08:00 – 11:30

16 May 2018

University of Economics Ho Chi Minh City

Are you interested in advancing your research career in Europe? Do you want to collaborate with European research partners? This event is your chance to find out about European researcher mobility programmes and research collaboration opportunities available to you. You will also have the opportunity to talk to fellow researchers who have already benefited from these programs, and to gain practical tips from them on how to be successful in your application.

### Who should attend?

Doctoral candidates, post-doctoral researchers and established researchers of all disciplines and all nationalities. Representatives of university research offices or International Relations Offices are very welcome.

### When and where is it?

Wednesday 16 May 08:00 – 11:30

Room A. 205, main campus

University of Economics Ho Chi Minh City

59C Nguyen Dinh Chieu St., Dist.3, Ho Chi Minh

### Do I need to register?

This event is free of charge but you do need to register before May 14. Please register [here](#)

### Questions?

Please e-mail: [simon.grimley@euraxess.net](mailto:simon.grimley@euraxess.net)

An initiative of EURAXESS ASEAN in cooperation with the Delegation of the European Union Delegation to Vietnam and the University of Economics Ho Chi Minh City

## About the Marie Skłodowska-Curie Actions (MSCA) Individual Fellowships

### ***What is it?***

MSCA - Individual Fellowships are an opportunity for researchers of any nationality to work in research labs in Europe for up to two years.

### ***Who can apply?***

The Individual Fellowships are awarded to the most promising researchers of any nationality who want to benefit from advanced training in Europe. Applicants either hold a PhD degree or have at least four years of full-time equivalent research experience.

### ***Which research topics are supported?***

Any research field may qualify for MSCA-IF funding.

### ***How does it work?***

Proposals are submitted jointly – by you as the researcher and a “host” organization in Europe. You, the researcher, will develop the proposal in cooperation with a European organization that would be willing to host you. Host organizations can be universities, research centers or companies.

### ***What does the funding cover?***

The grant provides €4650/month (monthly allowance, adjusted by country, plus a mobility allowance of €600/month and a family allowance of €500/month), In addition, the EU contributes to the training, networking and research costs of the fellow, as well as to the management and indirect costs of the project. The grant is awarded to the host organization, usually a university, research center or a company in Europe.

### ***When does the call open and when is the deadline?***

The Call for proposals opened on 12 April 2018 and has a deadline of 12 September 2018.

## About the Marie Skłodowska-Curie Actions (MSCA) Research & Innovation Staff Exchange (RISE)

### ***What is it?***

MSCA-RISE aims at international and inter-sector collaboration through promoting research and innovation exchanges of staff. MSCA-RISE will support short-term mobility of research and innovation staff at all career levels, from the most junior (post-graduate) to the most senior (management), including administrative and technical staff.

### ***Who can apply?***

MSCA-RISE is open to partnerships of universities, research institutions, and non-academic organisations both within and beyond Europe. Universities, research institutes can apply, not individuals. ASEAN universities, research institutes, and companies are eligible.

### ***Why should I apply?***

You can expand and strengthen your network and gain new expertise. You and your European partners can share knowledge and skills, and broaden the career development of your staff, and you can strengthen your institutional links with Europe.

### ***Which research topics are supported?***

Any research field may qualify for MSCA-RISE.

### ***How does it work?***

An MSCA-RISE partnership is composed of at least three independent participants established in three different countries. An ASEAN university, research institute or company would need to partner with organisation in *at least 2* European countries to propose a joint research and innovation project. Proposals should highlight networking opportunities, sharing of knowledge and the skills development of staff members.

### ***When does the call open and when is the deadline?***

The Call for proposals is due to open in December 2018 with a deadline of April 2019.
